EDUCATION

University of California, Irvine *September 2017 - Present*
Bachelor of Science in Informatics.
Donald Bren School of Information & Computer Sciences

College of San Mateo *July 2015 - June 2017*
A.A., Computer Science. Overall GPA: 3.62

CARRIER OBJECTIVE

To work for an organization which provides me the opportunity to fulfill my passion about Full-Stack Development & UI/UX and grow along with the organization objective.

PROJECTS

Craigslist Cars & Trucks Classified Ads Helper Program
The project aims to help buyers distinguish the validity of classified ads specifically on cars & trucks for sale on Craigslist by cross-referencing the car-in-question's year, make, model and price with the Blue Book Value. Use of HTML, JavaScript, CSS and React.

Minimalist Calorie Counter Mobile Application
The project provides a minimalist approach to tracking calories only on mobile devices. The distinguishing factor of the application is that it offers an intuitive User Interface and hassle-free data logging.

TECHNICAL SKILLS

Front-End	HTML, CSS, Javascript ES6, jQuery
Back-End	C++, Java, Python, PHP
Source Control	Git, SCRUM/Agile, GitHub
FrameWorks	AngularjS, React/Redux
UI/UX	Wireframing/UML, Prototyping, Adobe Suite, User Stories

EXPERIENCE

HAI Lab, UC Irvine May 2018
Undergraduate Researcher
